Quakertown Community School District

Trumbauersville Elementary School
101 Woodview Drive
Quakertown, Pennsylvania 18951-2290
(215) 529-2550   FAX (215) 529-2551

Dear Trumbauersville Families:

All students in the Quakertown Community School District (QCSD) have access to Canvas, the district's online learning management system. Canvas is a hub for your student to access classroom information and activities anytime and anywhere you have access to the Internet. Canvas is used in the district to provide students with all the information they need to stay informed and up to date during school and at home online. Families will use Canvas to receive a close-up picture of their student's classroom activity. Your child's Canvas log-in information is the same as their User ID and password for network access.

A paper copy of these credentials is being sent home with your child on Tuesday, August 29th. Please look for this information.

Parent Canvas Information:

- Please note that the passwords are case sensitive. So, an "E" is not the same as an "e".
- Passwords should not be shared with other students or sent over the internet.
- Use of these accounts is governed by the District's "Acceptable Use of Internet" policy.
- Download the free Canvas Mobile app from your mobile app store.
- For mobile app information and updates visit www.qcsd.org/CanvasInformation

To log into Canvas:

1. Visit www.qcsd.org/canvas
2. Complete the checked areas as seen below to create your Canvas Observer account.
   a. Complete the Child's Username and Child's Password fields with the information from your child's User ID and password letter.
3. Check your email to verify and create a password for your new Observer account.
4. Use the Login and Password fields to access your Observer account on return visits.
